FESTIVE SEASON 2022/23

CINNAMON HOTELS & RESORTS, COLOMBO

A Silver Lining

WHAT DOES IT MEAN TO US BEHIND THE THEME FOR 2022

A silver lining, used commonly in the form of an idiom signifies the hopeful prospect of the future. Sri Lanka and the hospitality industry have been under gloomy skies in the recent past. We were battered with the terrors and trauma of the Easter Sunday Attacks, and then crippled by the spread of COVID-19. Just when the world opened up post-pandemic and things seemed like they were getting back on track, our island nation was hit with the worst economic crisis in her history.

Yet we've been resilient and despite the waves of challenges, we are now beginning to see the light at the end of the tunnel. Much of the resilience has come through the people of Sri Lanka who have gathered together despite their differences. At Cinnamon Hotels Colombo we have seen the same kind of strength run through our family. When the times were toughest our employees have risen above and beyond to innovate, and create experiences for our guests that are well beyond their imagination.

This is why Christmas 2022 is going to be extra special. Our entire community has been waiting for a reason to celebrate. And what better time than this. Cinnamon Hotels & Resorts Colombo invites you to celebrate with us this season. Celebrate the bonds that have kept us together, celebrate the drive that has kept us afloat, celebrate the good times that are to come, celebrate the silver lining...

LIFESTYLE

HOPE... It seems like such a simple four-letter word, but it holds the world on its shoulders. This is especially true for our island nation Sri Lanka that has had to go through some of the toughest times in her recent history. From the heartbreaking Easter Sunday attacks to the COVID-19 pandemic and then the ongoing economic crisis, Sri Lanka and the hospitality industry has had to rethink and reformulate how we do business and how we present Sri Lanka on global platforms. Through all of this, if there is one important lesson, we have learnt that we are a resilient nation. At Cinnamon Hotels & Resorts – Colombo sector we have seen this at every level. Our employees who are very much a family have come together like never before to spread smiles, reach out to those in need, and continue being the trendsetter in hospitality. For that, I will personally be forever grateful.

As we enter the festive season, there is a strong sense of expectancy in the air. Despite the challenges, people are looking forward to finally being able to celebrate the season with friends and family. With travel being opened many are returning home after several years, and we at Cinnamon Hotels & Resorts Colombo sector are proud to be able to welcome them all.

Our seasonal offerings throughout all three properties; Cinnamon Grand Colombo, Cinnamon Lakeside Colombo and Cinnamon Red Colombo, will highlight the hope that the season brings with it while also paying tribute to our own resilience. We are truly looking forward to the silver lining as 2023 dawns and hope that our nation and all its people will see better days.

Seasons Greetings to All!

STORIES OF HOPE

CINNAMON GRAND COLOMBO

“ I joined Cinnamon Grand as an Industrial Trainee in the Pastry Kitchen in 2016. Thereafter, because of my performance I was taken into the contract cadre as Commis III and was working in the Chocolate Room. I was born with a disability where hearing and speaking is a huge challenge for me. However, despite all my difficulties I never gave up on life. My ambition is to become an expert in my field and one day an Executive Chef. And the journey to fulfill my ambition began when I joined Cinnamon Grand. I work hard and though communication is something I struggle with I never let that stop me from achieving my goals.

I won a gold medal at the Cinnamon Grand culinary competition in 2022 and was promoted as Commis II on the 01st of April 2022. This was all within a short period of 5 years. My parents are my rock as they were always there for me encouraging and supporting me through every step of my life. And my colleagues and supervisors at Cinnamon Grand are my second family as they are always there to lend a helping hand and cheer me on through every achievement. I am proud to say that I am beginning the next chapter in my life at this very same hotel at the age of 25 as my wedding will be taking place at the Atrium Lobby.

My message to everyone is that there is always a silver lining no matter what you go through in life and what challenges you face.”

Stephan Praharsha Aponso (Commis II)
Cinnamon Grand Colombo

CINNAMON LAKESIDE COLOMBO

“ I wanted to pursue my career in hospitality since it is one of the most resilient industries in the country and presents immense growth potential. I believe joining Cinnamon Hotels to pursue this dream is one of the wisest decisions I ever made. Looking back 2 years ago when the pandemic was in full swing, the whole world assumed that the hospitality industry is doomed, but Cinnamon Hotels held its nerve and didn't let down the employees.

As a result, the Cinnamon family was able to bounce back stronger than ever. Hence, I am certain that we can expect a bright silver lining despite any obstacle yet to come this season. ”

Dimuthu Suranga (Guest Service Executive)

CINNAMON RED COLOMBO

“ Working at Cinnamon has taught me about resilience through teamwork for the past few years. Everyone is aware of how difficult it was for the tourism industry in particular since 2019. But being a part of Cinnamon has really shown me how people rise up to the occasion and challenges.

Even when times got tough, the Cinnamon staff came together not just to keep the brand going, but to also support each other and even our communities through outreach programmes. I am very excited and hopeful for the upcoming Christmas season, because we know that good things are around the corner and the Cinnamon family will always cherish every little moment of Christmas in a wonderful way. ”
